BAR STOOL

Enduring quality, design, and passion.

Where Quality Craftsmanship Honors Those Who Serve

Holland Bar Stool is no ordinary furniture company. For over 30 years, we've built our reputation on quality, craftsmanship, and service—creating products designed to last and represent something meaningful.

What began as a small line of wooden stools has grown into a complete offering of custom seating, tables, décor, and recreation products. Today, we are proud to offer officially licensed furniture across all branches of the U.S. Armed Forces—including Army, Navy, Air Force, Marine Corps, Coast Guard, and Space Force—as well as POW-MIA and Purple Heart.

Every piece is built to order at our Holland, Michigan facility using best-in-class materials and precision craftsmanship. Solid wood seats—crafted from genuine hardwood, never veneers—are finished with durable catalyzed lacquer, while powder-coated metal frames provide long-lasting performance in high-use environments. From bar stools and pub tables to branded seating and décor, each product is made to deliver both strength and style.

Customization remains central to our process. Our advanced in-house digital printing, dye sublimation, and laser engraving technologies ensure crisp, consistent reproduction of official military insignias, with Pantone color matching available for precise detail and accuracy.

Our on-demand production model offers a one-piece minimum, standard 7–10 business day lead times, and drop-ship capabilities—making ordering simple, flexible, and reliable.

Built to meet or exceed ANSI/BIFMA standards, our furniture is made to last—reflecting the same commitment to strength, reliability, and service that defines the U.S. Armed Forces.

We invite you to explore this catalog and discover how Holland Bar Stool can help you create a space that honors service and stands the test of time.

Seating Series

Superior craftsmanship, comfort, and sophistication meet in our Seating Series.

Commercial quality materials, construction, and finishes provide strength, durability, and a long-lasting, rich appearance. Our Signature Seating Series chairs and stools are created with 16-gauge, 1.25" steel with solid MIG welded joints. Powder coated and triple chrome plated finishes resist rust, chips, and abrasions for enduring function and beauty.

Constructed in Holland, MI, the seats are high-density, US-made foam and commercial-grade vinyl. Dacron provides sustainable comfort and support, and a softer, rounder aesthetic. Custom artwork is digitally printed in-house using UV cured ink for a rich, long-lasting finish. Independently tested, our digitally printed vinyl seats showed no deterioration after rigorous, double-rub assessments.

Swivel stools feature our encased 52 stainless steel ball bearing S-360 swivels. Swivels are powder coated to resist rust and ensure a smooth rotation for a quality seating experience.

Available seat heights are 25" and 30" (L004-18 = 18"). 36" and custom seat heights may also be available. Contact us for more details or visit us at hollandbarstool.com for a complete list of options.

Table Series

Offering a variety of styles, height, and size top configurations, our tables are sure to complement your entertainment space. Visit our website for more details!

Bases.
With uncompromising quality, durability, and attention to detail, table bases are either a cast iron or steel base plate, steel column, and either a cast iron spider or square steel top plate. Finishes are strong to resist rust and abrasion for beautiful sustainability.

Each base includes adjustable levelers to accommodate many styles of flooring and uneven ground to ensure steadiness. Most styles are available in 29", 35" and 41" heights. Complete tables (base + top) will measure 30", 36" or 42".

Tops.
Custom logo table tops are 1-inch thick and constructed of a hardened MDF inner core, scratch-resistant laminate top, and durable, complementary trim finish for long-lasting, resilient use. Our advanced sublimation process produces brilliant clarity and color to bring your military pride to life. Available sizes: 30" or 36" round.

II: Measuring Seating, Tables, and Space

It's important to measure your seating and tables to ensure comfort. We recommend 12" between your seat height and the top of your table, counter, or bar. Standard seat heights and terminology are:

18" = Chair
25" = Counter stool
30" = Bar stool

Please note seat heights for cushioned options measure slightly higher to account for compression while seated.

To assist with proper measurements for your seating, please refer to the diagram and information to the right.

In addition, the below diagram illustrates the recommended seat height for common table, counter, and bar heights. If your table, counter, or bar is between the heights shown below, please contact us. We offer custom heights for many seating styles.

Measuring your space is also important. To calculate how many stools you will need for your space, measure your counter (in feet). Next, divide by two. This will give you the approximate number of stools to best fit your space. Two feet of counter space per stool is a comfortable arrangement for most Holland Bar Stool seating.

IV: General Information

Lead Time and Shipping Method

Our proficient inventory management system allows us to offer low lead times and most orders ship within 7-10 business days. We use FedEx Ground and Common Carrier, unless otherwise specified. Lead times may be longer for higher quantities for custom products. Please contact us with the specific details of your order for a more accurate lead time estimation.

Fire Retardant - Foam and Upholstery

Holland Bar Stool manufactures all seating products to nationally recognized standards for fire retardant upholstered materials and foam padding. We use 100% urethane foam with no fillers. This product passes the following flammability specifications:

- California Technology Bulletin
- FMVSS No. 302

Wood Species

The PST038 Custom Voltaire 2 stool seat and back are maple. Medium finish is standard.

Floor Protection and Glides

Super Glide floor protectors are optional on all wood stools. Universal glides for steel seating provide supreme protection for any floor surface.

Levelers

Adjustable levelers are standard on all tables.

Swivels

Our encased 52 stainless steel ball bearing swivels are powder coated to resist rust and ensure a smooth rotation for a quality seating experience. Our standard S-360 swivel offers a 360 degree, continuous rotation.

Recommended Cleaning Procedures

Wood Seats and Trim:

Using a clean, soft, damp (water only) cloth, wipe surface then spray with furniture polish and wipe clean with a separate clean, dry, soft cloth.

Chrome Finishes:

For best results, use a chrome polish and follow manufacturer's instructions.

Painted and Powder Coat Finishes:

Using a damp cloth with soapy water, clean and wipe dry.

Upholstered Seats:

Using a damp cloth with soapy water, clean and wipe dry. Use spot removers with caution (follow manufacturer instructions and test in an inconspicuous area).

Licensed Logo, Custom, Digitally Printed Vinyl Seats:

Spray with furniture polish and wipe dry with a clean, dry, soft cloth.

Table Top Surfaces:

Using a damp cloth with soapy water, clean and wipe dry.
